NSTA CAGS,

We are seeking your help in getting the word out to teachers about the Albert Einstein Distinguished Educator Fellowship Program. We are trying to reach outstanding K-12 science, math, and technology teachers to let them know that the Einstein Fellowship application period is open for the 2009-2010 school year. We would appreciate if you would pass along this information to teachers, colleagues, listservs, web-resource pages, newsletters, or any other media that you have access to.

Several pieces of information are attached - you are welcome to use any/all formats, depending on what will work best for you.

- Einstein Fellowship - short blurb (excellent piece for including in e-announcements or news bulletins)
- Einstein Fellowship – longer blurb (can be included in newsletters or can be emailed to teachers and other colleagues)
- Box Ad (made especially for inclusion in journals and news bulletins)
- Flyer (perfect for sending directly to all of the outstanding teachers you know and work with)

Thank you in advance for helping inform classroom teachers about this exciting opportunity! If we can provide more information, please let us know.

~Debbie
