Aloha; Hawaii will be hosting its first Pan Pacific VEX Championship in December (4-6) at the Hawaii Convention Center.

Preliminary to that is the Oahu VEX Tournament taking place on November 11, Tuesday, hosted at Iolani School. If you are interested/available, we are seeking volunteers to help at both the Oahu VEX tournament and at the Pan Pacific VEX Championship. The Oahu tournament will provide invaluable practice for our Hawaii teams as they look forward to competing against teams from throughout Hawaii, the mainland US and Asia (20 teams from China have already registered) among the 100 teams projected for the Pan Pacific VEX Championships. The winning alliance consisting of two teams from the Oahu tournament, will qualify for the VEX World Championships to be held in Dallas in the spring.

If you are interested in helping us as a volunteer at either or both tournaments or know colleagues or friends who may be interested, please email Alex Ho at AlexHo@dbedt.hawaii.gov. No experience or back ground needed you will have fun and be awed by the students and their robots. If there are any questions, please let me know. Mahalo.....art
