Bring the Ocean into Your Classroom with National Marine Sanctuaries

Ocean Guardian Programs

The purpose of the NOAA National Marine Sanctuaries **Ocean Guardian Programs** are to encourage teachers and students to explore their natural surroundings to form a sense of personal connection to the ocean and/or watersheds in which they live.

- Students can make a difference by becoming a member of our **Ocean Guardian Kids Club**.
- Teachers can get their classroom involved in environmental conservation at their school or in their community to be an **Ocean Guardian Classroom**.
- Everyone can download a free copy of our **Ocean Guardian Activity Book** to learn more about the ocean and why its important through word searches, games, and coloring pages.
