"School of Rock" 2009 aboard the JR

IODP and the Consortium for Ocean Leadership are pleased to announce School of Rock 2009 -- Cores, CORKS and Hydrology on the Juan de Fuca Ridge, a hands-on, research-based expedition for Earth and ocean science educators. Slated for 23 June – 5 July 2009 aboard the *JOIDES Resolution*, this workshop is open to science teachers at all levels, including undergraduate faculty, preservice, and informal educators. We ask that you help us spread the word by posting this announcement wherever you can, and sharing with friends and family who teach.

The application and further information are available at
http://www.oceanleadership.org/learning/school_of_rock/09

Deadline: Wednesday, 4 February 2009
