To: hasta <hasta-l@HAWAII.EDU>

Happy New Year,

I am looking for several people who would be willing to man a table for HaSTA at the March 7 Science Olympiad at Leeward Community College, from 12:00-2:30 pm. There will be teachers from middle and high schools from Oahu and the outer islands bringing thirty teams to compete in the biggest Hawaii Science Olympiad in its fifth year. I will be working there as a volunteer coordinator and Franklin Allaire, the Olympiad Magician, is gracious enough to invite teachers who do not have teams to just come and watch the excitement.

HaSTA will provide your lunch. You will have copies of The Catalyst and our pin to give to new members and pass out flyers of our spring events. This is recruitment for new members.

Thank you,
Andy
