---

Make 2009 -10 your best teaching year ever by boosting your curriculum with effective demos and labs that help students understand concepts while keeping their interest and allowing them to experience the joys of scientific discovery.

Five reasons you'll find the Flinn Scientific Teaching Chemistry eLearning Video Series to be a great professional development tool:

- Content, Content, Content - All major topics in chemistry are covered.
- You will Learn from the Best - 20 award winning teachers.
- Convenient & Innovative Training - Available online 24/7.
- Affordable - Only \$9.95 and you might be able to tap into stimulus funds.
- You may be able to receive Professional Development Credit - Please check with your school or district to see if you can receive credit for viewing this program!

Go to <http://elearning.flinnsci.com/LearnMore.aspx> for more details on how you and your students benefit.

Five reasons your administration will want to support this training:

- This program offers professional development activities with clear objectives for increasing student achievement and school success.
- This program promotes learning strategies that will help participants achieve significant gains in student achievement when implementing knowledge or skills gained from the program or course.
- This program effectively utilizes principles of adult learning.
- This program increases the educator's teaching skills based on research of effective practice.
- This program utilizes a curriculum that is based on research or best practices and a delivery model that emphasizes sustained, job-embedded professional development activity.

For more detailed information regarding administration support, go to <http://www.flinnsci.com/sections/e-learning/profdev.asp>

I hope you have an opportunity to benefit from these professional development videos and that you enjoy "Teaching Chemistry."

Check out Flinn's eLearning video series this summer! Free sample episodes are available for viewing. Go to [www.flinnsci.com](http://www.flinnsci.com) and click on eLearning.

Very truly yours,

Larry Flinn
