Subject: Please forward this to the HI AAPT members. Thanks.

Aloha,

This is in regards to the Sept. 12 HI AAPT meeting at Punahou.

1) We have about an hour for "sharing of teaching ideas and demos." If you'd like to make a presentation, please contact me ASAP so I can schedule it. We'd love to have ideas and demos that will be helpful to new physics teachers .

*2) *Lance Mayhofer, the Western Region Rep for PASCO Scientific, will be at our meeting and will demonstrate several new products for physics teaching. He will also be available for questions you may have about your PASCO equipment. *To top it all off, we will conclude with drawings for PASCO door prizes. *

3) In addition to the PASCO door prizes, I'd like to have some additional door prizes. Therefore, if you have something related to physics that you would like to donate for a door prize, please bring it to the meeting. (Here's my example -- I bought an AAPT polo shirt at the summer meeting-- it's supposed to be size L but it's really XL or maybe XXL, so that will be my door prize. I'm also going to bring some books I don't use anymore.)

4) Please tell your colleagues about the meeting -- especially the new teachers -- even (especially) if they are not yet AAPT members. This meeting should be very informative and useful to all of us, but especially to new teachers.

See you the 12th!
