Aloha Teachers,

MEDB Women in Technology is pleased to announce two upcoming events that will help kick-off your use of the ESRI ArcGIS 9.3 Software which was recently acquired via a statewide license for K12 Hawaii!

There are two opportunities, one for Oahu teachers and one for teachers from the Neighbor Islands (Maui, Molokai, Lanai, Kauai, Hawaii.).

For Neighbor Island Teachers Only:

Mapping Our Future: Using GIS and GPS for Place-based Inquiry

Learn to use ArcGIS 9.3 software, engage in a field trip using GPS, integrate GPS and GIS, and take your existing knowledge of GIS to a new level! One of the instructors, Joseph Kerski, is from the ESRI Education Team and is a leader internationally in GIS in education!

Four Days – Oct. 6-9 Kihei, Maui *

+ Three Live Online Follow-up Sessions

Included: 3 PD Credits or \$300 Stipend, GPS Unit, Jump Drive with Hawaii Data, Mapping Our World Curriculum

**Funding for non-Maui (and Hana) teachers available to cover travel costs for Kihei component.*

For Oahu Teachers Only:

ArcGIS 9.3 in Education

Learn to use ArcGIS 9.3 software, engage in the use of the standards based Mapping Our World GIS curriculum, learn from national GIS in Education experts who are also the co-authors of the curriculum, learn how to engage your students in geographic inquiry with the state of the art GIS software!

Two Days -- Oct. 5-6 McKinley High School

Included: \$150 Stipend, Mapping Our World Curriculum

PLEASE SEE ATTACHED FLYERS FOR MORE INFORMATION!

To register, visit: <http://www.womenintech.com/workshops.html>

Don't miss out on these celebratory events following the licensure for the whole state of the industry standard GIS software: ArcGIS 9.3!! Both opportunities have highly experienced instructors from the mainland who have been working in GIS in K12 Education for over fifteen years!

Mahalo,
Diana
