OCEANIA Marine Educators Association (which also serves as the HaSTA Marine Science Section) is having their Marine Education Fall Conference on Saturday, 3 October following the HaSTA Conference from 1:30-5 pm at Punahou. Join us for "sustainable" sushi and marine education ideas and updates.

In the evening from 6:30-9 pm, there will be Educator's Evening at the Waikiki Aquarium featuring activities from the NOAA Ocean Explorers Program, plus many other resources.

Please print and post the attached flyer and pass the word to all your colleagues.

OCEANIA Marine Education Fall Conference

Saturday, October 3rd, 1:30 – 5:00 pm

Join us for an afternoon of food, fun, and friendly conversation about ocean sciences! The OCEANIA Marine Educators Association will host a special session following the Hawaii Science Teachers Association (HaSTA) Conference at Punahou School. Registration is just \$5 and includes a one-year membership in OCEANIA. We'll start out with a light lunch of make-your-own sushi rolls, followed by great presentations on ocean science education like marine debris, teacher-at-sea, ocean literacy, fisheries management, and coral reef science, and finishing up with a fish-printing (gyotaku) demo. Register at the OCEANIA table at HaSTA or our website

(www.hawaii.edu/mcc/oceania/)! Contact Judy Lemus (jlemus@hawaii.edu) for more information.

Educator's Evening at the Waikiki Aquarium

Saturday, October 3rd 6:30 – 9:00 pm

Physics, chemistry, math or even inspiration for writing or art – it's all there at the NOAA Ocean

Explorers' program, where you and your students can follow scientists on expeditions to extreme marine environments. Sponsored by the National Marine Sanctuary Foundation, join us for an evening under the stars as we introduce the Ocean Explorer program's educator resources. View demonstrations and stroll through the galleries where exhibitors from a wide range of marine science institutions will showcase their teacher resources as well..

Free for educators and a guest. Refreshments will be provided. Call 440-9011 for registration information or email reservations@waquarium.org.
