Hi Teams and All Interested Folks:

The MATE Center folks just completed their site visit in Hilo. Things are looking awesome and there is great excitement. Come be a part of the event - either as a team, sponsor, mentor, cheerleader etc.

The International competition dates are June 24-26, 2010. Sponsors and Mentors are needed and always welcomed. Teams will hail from many locations - in the past, from the U.S., Canada, China (Hong Kong). Russia, Spain, Scotland, possibly Pakistan & Iran if visas can be granted. There could be more and that will be all the more exciting.

I am looking for someone to take on the lead coordinator role for the regional MATE-BIRR (planning the venue - it needs a fresh makeover). We have been holding the regional event the second weekend in May. I've spoken to the UHH Life Center director - use of the pool is best on Sunday - goal is for Sunday, May 9, 2010 but nothing confirmed as we need someone to take this on.

I will focus on what I do best: working with students and teachers. I am glad to work with whomever to make a seamless transition since infrastructure is in place. Please feel free to contact me if you want to do it or know someone who will. Otherwise, we may not have a regional event. Thanks in advance!!!

Missions are posted and Registration is OPEN till Feb. 1, 2010.

Cheers!
Cindy Fong

Email message from Jill right before Thanksgiving:

FINALLY!

Please see attached for the following:

2010 Design & Building Specifications and Competition Rules

2010 Mission Tasks

The photos of the mission props are large files and will be sent separately.

Please note that the SolidWorks Assemblies and Drawings document will be available on December 7th as will the 2010 Engineering and Communication document.

Happy Thanksgiving – and happy reading! Good luck to you all this year.

Jill
