Aloha,

There is a new educational facility for marine education that is nearing completion. They are now taking reservations for field trips beginning March 1st, 2010.

I have attached a flyer with a brief introduction on the facility, but if you have any questions, feel free to contact Steve- Stephen Van Kampen-Lewis <isurus09@gmail.com>. There will be a charge of \$5 per head to cover costs, unless your group is a participant in the Post Larvae Program. If you are interested in the program, contact Steve for that as well!

Its been interesting to be in the Post Larvae program and I am looking forward to checking out the facilities myself with my students.

Mahalo
