Aloha everyone!

I just wanted to offer a follow-up in the hopes of saving my fingers from TONS of typing and sparing a few electrons from unnecessary travel along the information super highway.

HSSO is currently working with ALL of our partner colleges (Kauai CC, UH Maui, Leeward CC and Windward CC) to hold teacher workshops for teachers, parents, and administrators in their respective communities so they can learn about Science Olympiad. We currently have the one workshop scheduled on Maui on September 18th. As soon as we have other workshops scheduled we will post that information and send it out through the HaSTA listserve.

HSSO will also have representatives at the upcoming HaSTA conference on October 2nd (mark your calendars and support our awesome science community!) and the Lacy Veach Day of Discovery later that same month. Both of these wonderful events will be at Punahou School. Feel free to stop by, say hi, and get some information on how to bring the excitement of Science Olympiad to your students!

Aloha,
Franklin
