Dear HaSTA Members,

We are looking for volunteers for this year's Regional Science Bowl Competition at HCC on Saturday, January 29, 2011. There are many different jobs for volunteers: judges, runners, timers, moderators room set-up people and others. Please let me know if you are interested in helping. We sit on the board of this event and it would be great if we could get a few HaSTA volunteers. I see many of our folks there at the event, like Randyll and his winning teams from Iolani and members of PDK. Aloha, Jim Redmond
